Preamble
The Government of India in the Ministry of Environment & Forests launched Integrated Coastal Zone Management (ICZM) Project with the financial assistance of World Bank. The three States has been selected for the pilot investment to be made under this Project. Gujarat is one of the three States which are implementing Integrated Coastal Zone Management Project. The Gujarat Ecology Commission (GEC) is working as State Project Management Unit (SPMU) to implement the ICZM project in the State on behalf of Forests & Environment Department, Govt. of Gujarat.

One of the key outputs of the project is the preparation of ICZM Plan for the specified stretch i.e. Gulf of Kutch as envisaged in the Financing Agreement. The Gulf of Kutch is recognized as one of the Critical Vulnerable Coastal Area (CVCA) as envisaged in CRZ Notification 2011 and there is provision of making Integrated Coastal Management Plan for the CVCA. Therefore, preparation of the ICZM Plan is a legal requirement also. The plan has to be integrated and should include all stakeholders of the coast. This plan has to be prepared comprehensively to take care of environmental resources of the area, interest of the local community and business, industry & other important issues.

Though the Steering Committee is already in existence under Chairmanship of Principal Secretary/ Additional Chief Secretary, Forests & Environment Department to supervise and overview of the project, however, the ICZM Plan would be a multi stakeholder plan and all aspects of coastal zone management should be considered in the plan. Therefore, it is necessary to have a High Level Co-ordination Committee constituted for reviewing, guiding and approving the preparation of ICZM Plan.

Resolution:
After careful consideration, the State Government is hereby pleased to constitute a State level Co-ordination Committee under the Chairmanship of the Chief Secretary to review, guide and approve the preparation of ICZM Plan as under:
